Chennai, India 603203

## Skills

- Machine Learning
- Deep Learning
- Model Development
- Data Mining
- Programming Languages: Java, C++, C, Python, MySQL
- Data Structures and Algorithms
- Fluent in C, C++
- Object-Oriented Programming

## Education And Training

*Expected in 07/2026*

**Bachelor Of Science:**

Computer Science With AIML

**SRM Institute Of Science And Technology**

Chennai

*03/2022*

**High School Diploma:**

**DELHI PUBLIC SCHOOL**

**VADODARA**

VADODARA

## Languages

**Hindi, English:** First Language

**German:** A2

Elementary

**Gujarati:** C2

Proficient

## Certifications

- Applications of Machine Learning in Urban Studies, ISRO - 2023
- Programming for Problem Solving, CodeTantra - 2022

# Jenil Sadhwani

## Summary

Analytical Machine Learning Engineer offering progressive career in the industry. Exceptional problem-solving abilities both in team-oriented and self-motivated settings. Dedicated to delivering product excellence and exceeding customer expectations. Highly-motivated employee with desire to take on new challenges. Strong worth ethic, adaptability and exceptional interpersonal skills. Adept at working effectively unsupervised and quickly mastering new skills. Hardworking employee with customer service, multitasking and time management abilities. Devoted to giving every customer a positive and memorable experience. Responsible and motivated student ready to apply education in the workplace. Offers excellent technical abilities with software and applications, ability to handle challenging work, and excellent time management skills.

## Experience

**Daten And Wissen - Machine Learning Intern**

*Mumbai, India*

*06/2023 - 09/2023*

- Developed machine learning models and algorithms for predictive analytics.
- Conducted data pre-processing operations such as feature engineering, normalization, and imputation.
- Performed exploratory analysis to identify patterns in datasets.
- Constructed supervised and unsupervised learning models using Python libraries like Scikit-Learn, TensorFlow, and Keras.

**Ns Packaging - Intern Engineer**

*Vadodara, India*

*04/2021 - 10/2021*

- Provided technical assistance to other engineers on staff.
- Created detailed reports outlining project progress and results.
- Maintained inventory of materials and supplies needed for box making.
- Assessed customer orders and designed custom-made boxes to meet specific requirements.
- Operated cutting machines to cut cardboard sheets into required shapes and sizes.
- Prepared templates used in creating custom-made boxes according to customers' specifications.
